REMARKS

Claims 5 and 8 have been cancelled without prejudice and their features have been added to claim 1. In view of section 9 of the office action, claim 1 should now be in condition for allowance.

Though the claims dependent upon claim 1 contain their own allowable subject matter, these claims should at least be allowable due to their dependence from allowable claim 1. However, to expedite prosecution at this time, no further comment will be made.

Claims 16 and 19 have been cancelled without prejudice and their features have been added to claim 12. In view of section 9 of the office action, claim 12 should now be in condition for allowance.

Though the claims dependent upon claim 12 contain their own allowable subject matter, these claims should at least be allowable due to their dependence from allowable claim 12. However, to expedite prosecution at this time, no further comment will be made.

For all of the foregoing reasons, it is respectfully submitted that all of the claims now present in the application are clearly novel and patentable over the prior art of record. Accordingly, favorable reconsideration and allowance is respectfully requested. Should any unresolved issue remain, the examiner is invited to call applicants' attorney at the telephone number indicated below.
